Webinar

Trusted certificates on all devices: Distribute - Manage - Use

Surely you are increasingly using digital certificates in the company. In our **free webinar**, you will learn how to distribute and manage X.509 certificates for SSL, VPN, 802.1x, S/MIME or other purposes - from a variety of CAs on all devices of your users.

These topics are waiting for you:
- What are certificates used for?
- Microsoft CA: Pros and cons
- Trusted certificates from public CAs
- Autoenrollment for Windows, mobile devices, Linux
- S/MIME for mobile users with and without MDM
- Automation of certificate management
- Securely distribute and manage certificates with Secardeo TOPKI certificates

Speaker is our CEO Dr. Gunnar Jacobson who has more than 20 years of PKI experience.

Please reserve your time for this
on **9. November 2017** from **9:00** to **9:30 CET** (in **German**)
on **9. November 2017** from **17:30** to **18:00 CET** – (16:30-17:00 UTC/GMT in **English**)
